

## Are You Aware?

---

**The Department of Education has warned that public schools must remove Diversity, Equity, and Inclusion (DEI) policies or risk losing federal funding.**

As many of you know, CPR has actively opposed DEI policies, statements, and potential contracts in multiple counties. We are grateful for the victories the Lord has granted us at the county level over the past few years. Now, these victories are extending beyond local efforts.

Are you aware of the letter sent by President Trump's administration to all public schools? Read more about it in this article: [Fox News - Department of Education Warns Public Schools](#).

Not only is God answering prayers in our communities, but He is also moving at the federal level.

CPR remains committed to working alongside our communities, partnering churches, and partnering nonprofit organizations to protect our children and safeguard our freedoms. We appreciate your continued prayers and support.

May God continue to bless each one of you.

In Christ,  
Eric Hollifield
